To Whom it concerns,

I am writing to wholeheartedly endorse George Webster.

I first met George when he was hired at H & Co Design Ltd as a work experience Web Designer under my supervision.

Whilst only needing to attend the position for 5 days to cover his course requirements, George attended for over 20 days in total. He is a quick learner, energetic, and hard working.

George is also very flexible and eager to take on new challenges. For example, he would take the initiative to help create SEO rich website content for our own website when he could see that I was busy and not to be disturbed. Other tasks he helped us with included graphic design for web and print, user manual creation for a CMS platform, as well as web development.

I'm convinced George will be as great an asset to your company as he has been to ours.

Please feel free to contact me if you'd like any additional information.

With Regards
